خدا پرستی انسان دوستی

God-Centered Morality & Philanthropic AI

A Multiplex Systemics Framework for Ummatic AI Governance

Prof. Junaid Qadir

Qatar University

jqadir@qu.edu.qa

Introducing Multiplex Systemics

Multiplexity = Arabic "*marātib*" (hierarchy, levels)—a multi-layered understanding of reality.

Introducing Multiplex Systemics

Multiplexity = Arabic "*marātib*" (hierarchy, levels)—a multi-layered understanding of reality.

Horizontal Multiplexity

Both-And Thinking

- Managing co-contrarian poles
- Tensions balanced, not resolved
- Polarity management

Innovation $\longleftrightarrow$ *Precaution*
Autonomy $\longleftrightarrow$ *Collective Welfare*

Introducing Multiplex Systemics

Multiplexity = Arabic "*marātib*" (hierarchy, levels)—a multi-layered understanding of reality.

Horizontal Multiplexity

Both-And Thinking

- Managing co-contrarian poles
- Tensions balanced, not resolved
- Polarity management

$$\textit{Innovation} \longleftrightarrow \textit{Precaution}$$
$$\textit{Autonomy} \longleftrightarrow \textit{Collective Welfare}$$

+

Vertical Multiplexity

Hierarchical Thinking

- Recognizing levels and ordering
- Master-emissary relationships
- Higher principles guide lower

$$\textit{Metaphysics} \rightarrow \textit{Politics} \rightarrow \textit{Technology}$$

Introducing Multiplex Systemics

Multiplexity = Arabic "*marātib*" (hierarchy, levels)—a multi-layered understanding of reality.

Horizontal Multiplexity

Both-And Thinking

- Managing co-contrarian poles
- Tensions balanced, not resolved
- Polarity management

Innovation $\longleftrightarrow$ *Precaution*
Autonomy $\longleftrightarrow$ *Collective Welfare*

+

Vertical Multiplexity

Hierarchical Thinking

- Recognizing levels and ordering
- Master-emissary relationships
- Higher principles guide lower

Metaphysics $\rightarrow$ *Politics* $\rightarrow$ *Technology*

Why both: Polarity management alone fails to see hierarchy.
Without vertical structure $\rightarrow$ usurpation, inversion.

Both-And Thinking: Technology as Blessing AND Burden

> *"Every technology is both a blessing and a burden—not either-or, but this-and-that."*— ***Neil Postman***

Both-And Thinking: Technology as Blessing AND Burden

"Every technology is both a blessing and a burden—not either-or, but this-and-that."— ***Neil Postman***

"Technology is neither good nor bad; nor is it neutral."— ***Kranzberg's First Law***

Both-And Thinking: Technology as Blessing AND Burden

"Every technology is both a blessing and a burden—not either-or, but this-and-that."— ***Neil Postman***

"Technology is neither good nor bad; nor is it neutral."— ***Kranzberg's First Law***

Plato's Phaedrus:

- **Theuth**: Writing improves memory
- **Thamus**: Writing produces forgetfulness

Both-And Thinking: Technology as Blessing AND Burden

"Every technology is both a blessing and a burden—not either-or, but this-and-that."— ***Neil Postman***

"Technology is neither good nor bad; nor is it neutral."— ***Kranzberg's First Law***

Plato's Phaedrus:

- **Theuth**: Writing improves memory
- **Thamus**: Writing produces forgetfulness

Both were correct.

Wisdom consists in **navigating both poles simultaneously**.

Both-And Thinking: Technology as Blessing AND Burden

"Every technology is both a blessing and a burden—not either-or, but this-and-that."— ***Neil Postman***

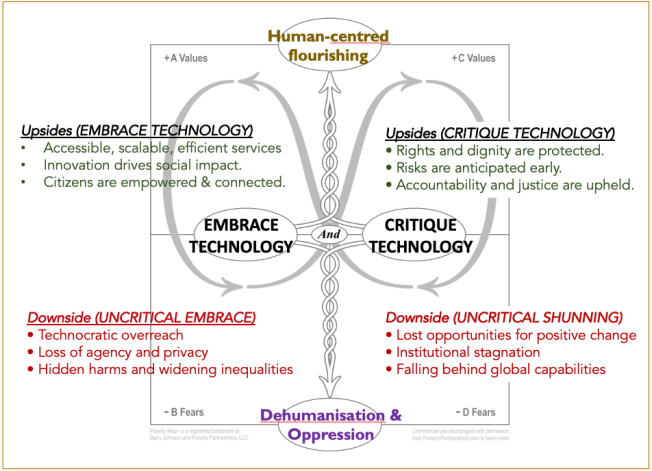

"Technology is neither good nor bad; nor is it neutral."— ***Kranzberg's First Law***

Plato's Phaedrus:

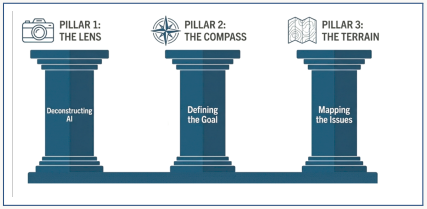

- **Theuth**: Writing improves memory
- **Thamus**: Writing produces forgetfulness

Both were correct.

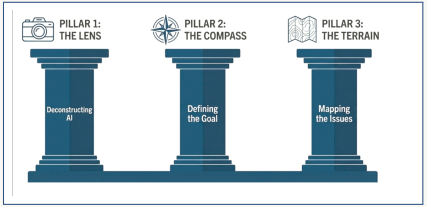

Wisdom consists in **navigating both poles simultaneously**.

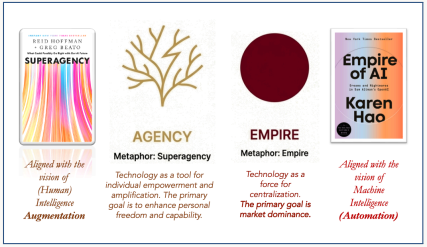

AI Ethical Issues: A Comprehensive Ecosystem View

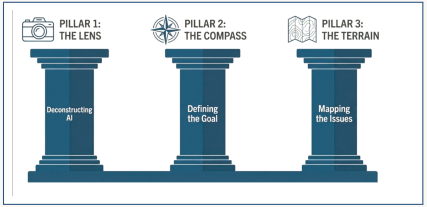

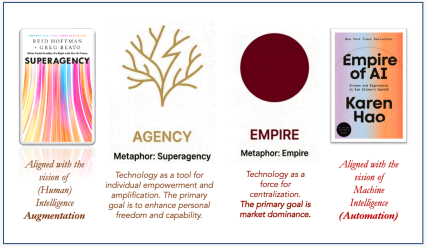

AI Ethical Issues: A Comprehensive Ecosystem View

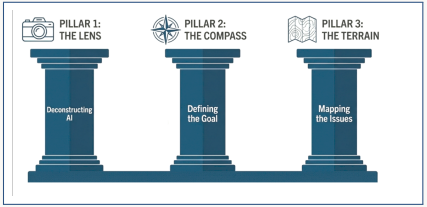

AI Ethical Issues: A Comprehensive Ecosystem View

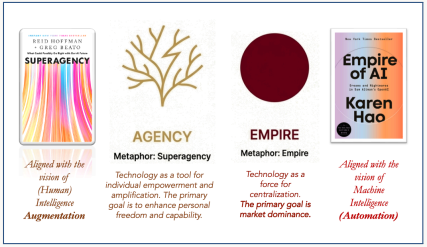

Machine Learning raises →	Socio-Technical Systems raise →	General AI raises →
Specific Technical Issues	**General Issues of a Digital World**	**Metaphysical Issues**
Challenges directly linked to the technology's characteristics, such as opacity and data dependency. Examples: Bias & Discrimination, Privacy, Reliability, Safety.	Challenges arising from the large-scale societal and economic impact of embedded AI. Examples: Job Displacement, Concentration of Power, Loss of Autonomy.	Long-term, fundamental questions about humanity, consciousness, and control. Examples: Machine Consciousness, Super-intelligence, Posthumanism.

AI Ethical Issues: A Comprehensive Ecosystem View

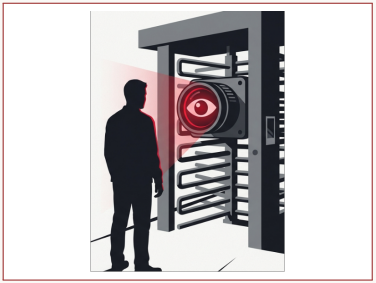

Machine Learning raises →	Socio-Technical Systems raise →	General AI raises →
Specific Technical Issues	**General Issues of a Digital World**	**Metaphysical Issues**
Challenges directly linked to the technology's characteristics, such as opacity and data dependency. Examples: Bias & Discrimination, Privacy, Reliability, Safety.	Challenges arising from the large-scale societal and economic impact of embedded AI. Examples: Job Displacement, Concentration of Power, Loss of Autonomy.	Long-term, fundamental questions about humanity, consciousness, and control. Examples: Machine Consciousness, Super-intelligence, Posthumanism.

Understanding the ecosystem is a prerequisite for ethical AI governance. Ethical failures arise often not from "bad AI," but from fragmented reasoning about human, institutional, and political responsibility.

Anti-Social AI: Abetting Surveillance, Control, and Genocide

AI as an Instrument of Genocide

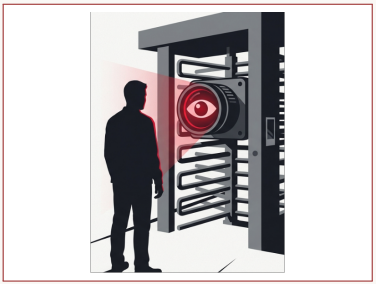

AI systems are now actively used to:

- Automate surveillance, classification, and exclusion
- Enable precision violence at scale
- Normalize mass harm through technical abstraction

AI has been weaponized as a facilitator of genocide.

Anti-Social AI: Abetting Surveillance, Control, and Genocide

AI as an Instrument of Genocide

AI systems are now actively used to:

- Automate surveillance, classification, and exclusion
- Enable precision violence at scale
- Normalize mass harm through technical abstraction

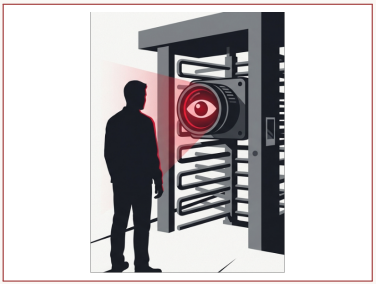

AI has been weaponized as a facilitator of genocide.

Structural Cause

A political and socio-economic world order based on injustice.

Anti-Social AI: Abetting Surveillance, Control, and Genocide

AI as an Instrument of Genocide

AI systems are now actively used to:

- Automate surveillance, classification, and exclusion
- Enable precision violence at scale
- Normalize mass harm through technical abstraction

AI has been weaponized as a facilitator of genocide.

Structural Cause

A political and socio-economic world order based on injustice.

Moral Verdict

AI is not neutral. When guided by partial reason and unjust power, it amplifies domination, dehumanization, and mass violence.

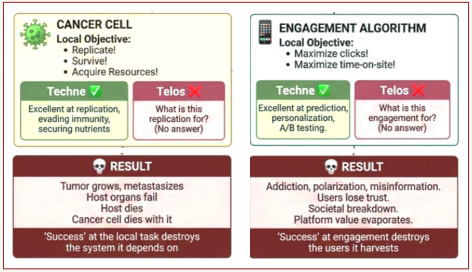

Motivating Ummatic AI: Current AI is Techne Without Telos

Motivating Ummatic AI: Current AI is Techne Without Telos

The Cancer Cell Metaphor

Cancer cell & engagement algorithm share:

- Technical excellence (*techne*)
- No purpose-alignment (*telos*)
- Selfish (Juz'ī) optimization
- Destroys the system it is part of.

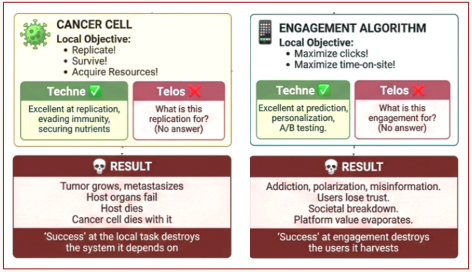

Motivating Ummatic AI: Current AI is Techne Without Telos

The Cancer Cell Metaphor

Cancer cell & engagement algorithm share:

- Technical excellence (*techne*)
- No purpose-alignment (*telos*)
- Selfish (Juzʾī) optimization
- Destroys the system it is part of.

Al-Raʾy al-Juzʾī without Al-Raʾy al-Kullī. Techne Without Telos:

- Narrow generally detrimental optimization
  - Blind to systemic consequences
- Surveillance capitalism is inherently misanthropic (Shoshana Zuboff)

Motivating Ummatic AI: Why Secular Design Falls Short

Motivating Ummatic AI: Why Secular Design Falls Short

CENTERLESS

- No transcendent reference
- "Flourishing" undefined
- Powerful define it

UNANCHORED

- Procedural not substantive
- Specifies *how*, not *what*
- Floats free

NO HIERARCHY

- All values equivalent
- Arbitrary trade-offs
- No vertical ordering

Motivating Ummatic AI: Why Secular Design Falls Short

CENTERLESS

- No transcendent reference
- "Flourishing" undefined
- Powerful define it

UNANCHORED

- Procedural not substantive
- Specifies *how*, not *what*
- Floats free

NO HIERARCHY

- All values equivalent
- Arbitrary trade-offs
- No vertical ordering

The Gazan Revelation (Exposure of Western/Secular Humanism)

- Selective democracy, selective human rights
- Technology actively used for surveillance, apartheid, and destruction
- **Insān dushmanī** (misanthropy) rather than **Insān dostī** (philanthropy)

Motivating Ummatic AI: Why Secular Design Falls Short

CENTERLESS	UNANCHORED	NO HIERARCHY
▪ No transcendent reference	▪ Procedural not substantive	▪ All values equivalent
▪ "Flourishing" undefined	▪ Specifies *how*, not *what*	▪ Arbitrary trade-offs
▪ Powerful define it	▪ Floats free	▪ No vertical ordering

The Gazan Revelation (Exposure of Western/Secular Humanism)

- Selective democracy, selective human rights
- Technology actively used for surveillance, apartheid, and destruction
- **Insān dushmanī** (misanthropy) rather than **Insān dostī** (philanthropy)

أَفَرَأَيْتَ مَنِ اتَّخَذَ إِلَٰهَهُ هَوَاهُ

"Have you seen the one who takes as his god his own desire?"

— Q 25:43

The Ummatic Mandate

كُنتُمْ خَيْرَ أُمَّةٍ أُخْرِجَتْ لِلنَّاسِ تَأْمُرُونَ بِالْمَعْرُوفِ وَتَنْهَوْنَ عَنِ الْمُنكَرِ وَتُؤْمِنُونَ بِاللَّهِ

"You are the best community brought forth for humanity: you command what is right, forbid what is wrong, and believe in Allah."

— Quran 3:110

The Ummatic Mandate

كُنتُمْ خَيْرَ أُمَّةٍ أُخْرِجَتْ لِلنَّاسِ تَأْمُرُونَ بِالْمَعْرُوفِ وَتَنْهَوْنَ عَنِ الْمُنكَرِ وَتُؤْمِنُونَ بِاللَّهِ

"You are the best community brought forth for humanity: you command what is right, forbid what is wrong, and believe in Allah."

— Quran 3:110

Ummah al-Ijābah

The Responsive Community

Spiritual fraternity
Muslim brotherhood
Internal solidarity

+

Ummah al-Da'wah

All Humanity

Universal mandate
Human brotherhood
Service to all

The Ummatic Mandate

كُنتُمْ خَيْرَ أُمَّةٍ أُخْرِجَتْ لِلنَّاسِ تَأْمُرُونَ بِالْمَعْرُوفِ وَتَنْهَوْنَ عَنِ الْمُنكَرِ وَتُؤْمِنُونَ بِاللَّهِ

"You are the best community brought forth for humanity: you command what is right, forbid what is wrong, and believe in Allah."

— Quran 3:110

Ummah al-Ijābah

The Responsive Community

Spiritual fraternity
Muslim brotherhood
Internal solidarity

+

Ummah al-Da'wah

All Humanity

Universal mandate
Human brotherhood
Service to all

BOTH-AND: Not Muslim interests OR human welfare, but **Muslim responsibility FOR human welfare**.

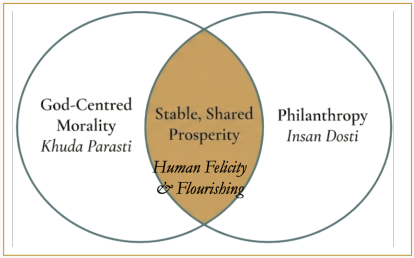

God-Centered Morality & Philanthropy: The Ummatic Framing

God-Centered Morality & Philanthropy: The Ummatic Framing

خدا پرستی	انسان دوستی
Ḥuqūq Allāh	Ḥuqūq al-'Ibād
Intentions / Heart	Actions
Vertical axis	Horizontal axis
Transcendent anchor	**Human welfare**

God-Centered Morality & Philanthropy: The Ummatic Framing

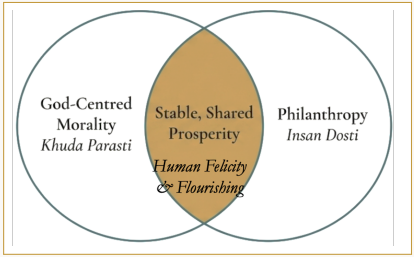

خدا پرستی	انسان دوستی
Ḥuqūq Allāh	Ḥuqūq al-'Ibād
Intentions / Heart	Actions
Vertical axis	Horizontal axis
Transcendent anchor	**Human welfare**

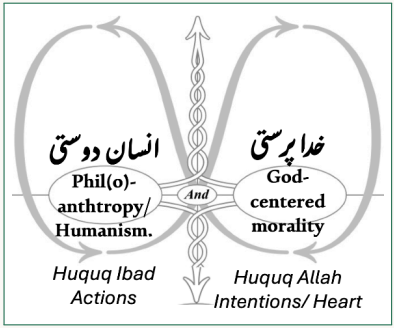

Khudā Parastī (God-centeredness) is the **prerequisite** for stable **Insān Dostī** (philanthropy).

God-Centered Morality & Philanthropy: The Ummatic Framing

خدا پرستی	انسان دوستی
Ḥuqūq Allāh	Ḥuqūq al-'Ibād
Intentions / Heart	Actions
Vertical axis	Horizontal axis
Transcendent anchor	**Human welfare**

Khudā Parastī (God-centeredness) is the **prerequisite** for stable **Insān Dostī** (philanthropy).

Pathologies of Imbalance

Humanism WITHOUT God: Selective rights, casteism
Religion WITHOUT humanity: Extremism, selfish piety

Hierarchical Thinking in Multiplex Systemics

Hierarchical Thinking in Multiplex Systemics

Master-Emissary Relationship (The Master and His Emissary, *Iain McGilchrist*):

Emissary submits to master → **harmony**

Emissary rebels and dominates → **ruin**

Hierarchical Thinking in Multiplex Systemics

Master-Emissary Relationship (The Master and His Emissary, *Iain McGilchrist*):

Emissary submits to master → **harmony**

Emissary rebels and dominates → **ruin**

Islamic Parallel:

‘Aql Kullī Universal reason; cosmic order
MASTER

‘Aql Juz’ī Particular reason; local optimization
EMISSARY

Hierarchical Thinking in Multiplex Systemics

Master-Emissary Relationship (The Master and His Emissary, *Iain McGilchrist*):

Emissary submits to master → **harmony**

Emissary rebels and dominates → **ruin**

Muhammad Iqbal on Knowledge:
"If you cast knowledge upon the body, it becomes a serpent; If you cast it upon the heart, it becomes a friend."

Islamic Parallel:

'Aql Kullī Universal reason; cosmic order
MASTER

'Aql Juz'ī Particular reason; local optimization
EMISSARY

Multiplex Human Ontology

"How we understand the self determines how we can judge technological design."

Multiplex Human Ontology

"How we understand the self determines how we can judge technological design."

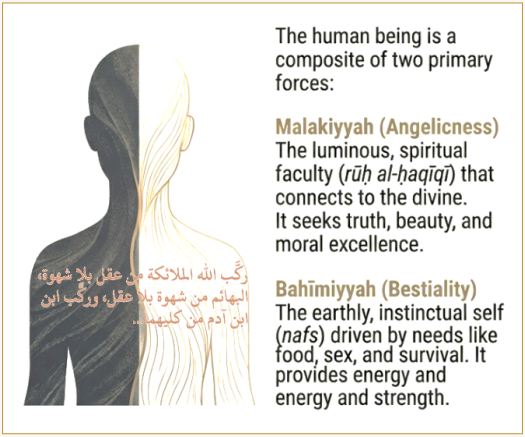

The human being is a composite of two primary forces:

Malakiyyah (Angelicness)
The luminous, spiritual faculty (*rūḥ al-ḥaqīqī*) that connects to the divine. It seeks truth, beauty, and moral excellence.

Bahīmiyyah (Bestiality)
The earthly, instinctual self (*nafs*) driven by needs like food, sex, and survival. It provides energy and energy and strength.

Multiplex Human Ontology

"How we understand the self determines how we can judge technological design."

Shah Waliullah:

- **Nafs**—Body, desires (*bahīmiyyah*)
- **Rūḥ**—Spirit, ideals (*malakiyyah*)
- **'Aql**—Mediating intellect

Multiplex Human Ontology

"How we understand the self determines how we can judge technological design."

The human being is a composite of two primary forces:

Malakiyyah (Angelicness)
The luminous, spiritual faculty (*rūḥ al-ḥaqīqī*) that connects to the divine. It seeks truth, beauty, and moral excellence.

Bahīmiyyah (Bestiality)
The earthly, instinctual self (*nafs*) driven by needs like food, sex, and survival. It provides energy and energy and strength.

Shah Waliullah:

- **Nafs**—Body, desires (*bahīmiyyah*)
- **Rūḥ**—Spirit, ideals (*malakiyyah*)
- **'Aql**—Mediating intellect

Al-Ghazālī:

- Cognitive (*'aql*): seeks truth
- Irascible (*ghaḍab*): enables courage and defense
- Appetitive (*shahwah*): seeks provision and enjoyment
- Justice (*'adl*): **the integrative balance** when the powers are rightly ordered

Multiplex Human Ontology

"How we understand the self determines how we can judge technological design."

The human being is a composite of two primary forces:

Malakiyyah (Angelicness)
The luminous, spiritual faculty (*rūḥ al-ḥaqīqī*) that connects to the divine. It seeks truth, beauty, and moral excellence.

Bahīmiyyah (Bestiality)
The earthly, instinctual self (*nafs*) driven by needs like food, sex, and survival. It provides energy and energy and strength.

Shah Waliullah:

- **Nafs**—Body, desires (*bahīmiyyah*)

Tajādhub vs. Taṣāluḥ — The Harmonization Problem

Tajādhub = Inner conflict between *malakiyyah* and *bahīmiyyah*
Taṣāluḥ = Harmony—*bahīmiyyah* channeled through *'aql* for collective good

The Three Conciliations: Expanding the Alignment Problem

Beyond Narrow AI Alignment

The task is not merely to build **better machines**, but to cultivate **better humans** and **just social orders**, capable of deploying technology with wisdom & justice.

The Three Conciliations: Expanding the Alignment Problem

Beyond Narrow AI Alignment

The task is not merely to build **better machines**, but to cultivate **better humans** and **just social orders**, capable of deploying technology with wisdom & justice.

Level	Conciliation (Taṣāluḥ)	AI discourse analogue	Failure mode if missing
1. Personal	Within the human being: reconciling *malakiyyah* (higher moral self) and *bahīmiyyah* (base impulses).	"Human values" and moral agency; the character of designers, deployers, leaders.	Technically "safe" tools used for domination, cruelty, or opportunism.

AI "alignment" is fragile without personal and diplomatic conciliation:
the deeper alignment problem is human and civilizational.
Technosolutionism suffers from iatrogenics.

The Three Conciliations: Expanding the Alignment Problem

Beyond Narrow AI Alignment

The task is not merely to build **better machines**, but to cultivate **better humans** and **just social orders**, capable of deploying technology with wisdom & justice.

Level	Conciliation (Taṣāluḥ)	AI discourse analogue	Failure mode if missing
1. Personal	Within the human being: reconciling *malakiyyah* (higher moral self) and *bahīmiyyah* (base impulses).	"Human values" and moral agency; the character of designers, deployers, leaders.	Technically "safe" tools used for domination, cruelty, or opportunism.
2. Social	Between peoples and institutions: justice, solidarity, and *al-ra'y al-kullī* over fragmented self-interest.	Governance, regulation, institutions, incentives, power; socio-technical risk management.	Surveillance capitalism, digital apartheid, weaponised AI under unjust systems.

AI "alignment" is fragile without personal and diplomatic conciliation:
the deeper alignment problem is human and civilizational.
Technosolutionism suffers from iatrogenics.

The Three Conciliations: Expanding the Alignment Problem

Beyond Narrow AI Alignment

The task is not merely to build **better machines**, but to cultivate **better humans** and **just social orders**, capable of deploying technology with wisdom & justice.

Level	Conciliation (Taṣāluḥ)	AI discourse analogue	Failure mode if missing
1. Personal	Within the human being: reconciling *malakiyyah* (higher moral self) and *bahīmiyyah* (base impulses).	"Human values" and moral agency; the character of designers, deployers, leaders.	Technically "safe" tools used for domination, cruelty, or opportunism.
2. Social	Between peoples and institutions: justice, solidarity, and *al-ra'y al-kullī* over fragmented self-interest.	Governance, regulation, institutions, incentives, power; socio-technical risk management.	Surveillance capitalism, digital apartheid, weaponised AI under unjust systems.
3. Technical	Between human purpose and AI action: systems that serve human benefits and flourishing.	Alignment, robustness, security, interpretability, evals, monitoring, red-teaming.	Unsafe, unreliable, or manipulable systems; accidents and scalable harm.

AI "alignment" is fragile without personal and diplomatic conciliation:
the deeper alignment problem is human and civilizational.
Technosolutionism suffers from iatrogenics.

Systemics & Compositional Thinking

System Dynamics (Forrester):

- Complex systems are **counterintuitive**
- Cannot be exactly predicted
- Can be influenced at various levels

Key Dilemmas:

- **Collingridge Dilemma**: Control easy early (consequences unknown), hard late (technology entrenched)
- **Technical Opacity** (Vallor): Acute opacity of modern AI systems
- **Procrustean Fallacy**: Forcing reality into pre-set models

Systemics & Compositional Thinking

System Dynamics (Forrester):

- Complex systems are **counterintuitive**
- Cannot be exactly predicted
- Can be influenced at various levels

Key Dilemmas:

- **Collingridge Dilemma**: Control easy early (consequences unknown), hard late (technology entrenched)
- **Technical Opacity** (Vallor): Acute opacity of modern AI systems
- **Procrustean Fallacy**: Forcing reality into pre-set models

- **Compositional thinking**: holds parts in tension
- **Representational thinking**: flattens complexity

Ghazālī's compositional approach: holding tensions without dissolving them

We need **systemic wisdom**, not just more data.

The Ghazālian Way of Engaging Technology

Al-Ghazālī on Technology & Literacy:

- Writing shifted knowledge from **heart** to **page**
- From *ḥifẓ* (memorization) to *kitābah* (inscription)
- External inscription vs. internal transformation

The Agonistic Self:

- Continuous struggle against *nafsāniyyah*
- Technology can aid OR hinder this struggle
- The question: Does it strengthen the heart or weaken it?

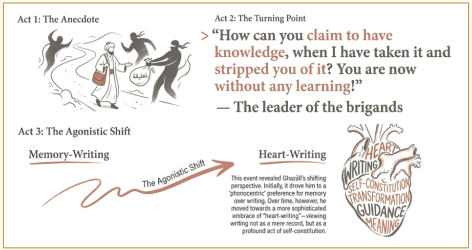

The Ghazālian Way of Engaging Technology

Al-Ghazālī on Technology & Literacy:

- Writing shifted knowledge from **heart** to **page**
- From *ḥifẓ* (memorization) to *kitābah* (inscription)
- External inscription vs. internal transformation

The Agonistic Self:

- Continuous struggle against *nafsāniyyah*
- Technology can aid OR hinder this struggle
- The question: Does it strengthen the heart or weaken it?

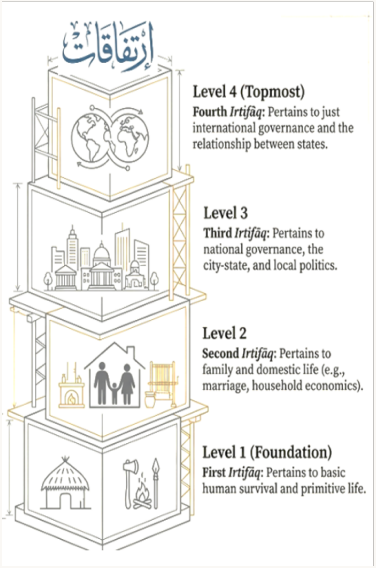

From external inscription to internal transformation

The Critical Question

Does this technology support **heart-writing** or merely **memory-writing**?

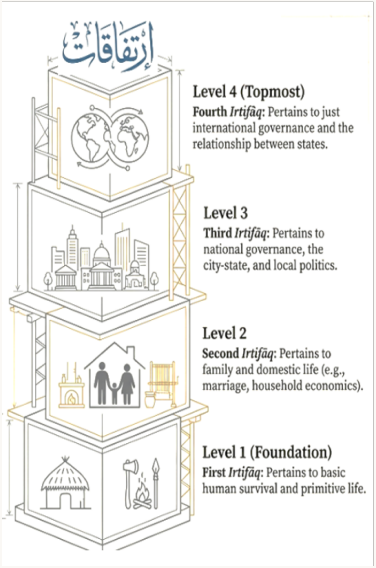

Irtifāqāt: Waliullahi Way of Socio-Technical Governance

Irtifāqāt: Waliullahi Way of Socio-Technical Governance

Level I Badawī (Basic Needs) → **Level II** Ḥaḍarī (Refinement) → **Level III** Madanī (National) → **Level IV** Khilāfah (International)

Irtifāqāt: Waliullahi Way of Socio-Technical Governance

Level I Badawī (Basic Needs) → **Level II** Ḥaḍarī (Refinement) → **Level III** Madanī (National) → **Level IV** Khilāfah (International)

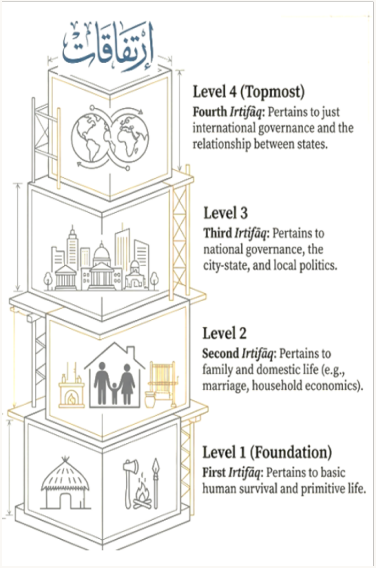

Conventional Governance

- Al-Ra'y al-Juz'ī: vested interests
- No transcendent criterion
- Competing interests
- Procedural fairness (Qisṭ only)

Waliullahi Framework

- Al-Ra'y al-Kullī: universal reason
- Transcendent grounding
- Cosmic order coordination
- Systemic justice ('Adl + Qisṭ)

Irtifāqāt: Waliullahi Way of Socio-Technical Governance

Level I Badawī (Basic Needs) → **Level II** Ḥaḍarī (Refinement) → **Level III** Madanī (National) → **Level IV** Khilāfah (International)

Conventional Governance

- Al-Ra'y al-Juz'ī: vested interests
- No transcendent criterion
- Competing interests
- Procedural fairness (Qisṭ only)

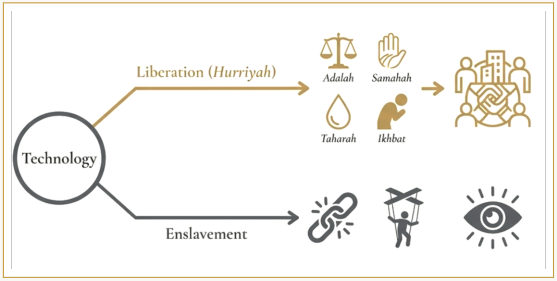

Waliullahi Framework

- Al-Ra'y al-Kullī: universal reason
- Transcendent grounding
- Cosmic order coordination
- Systemic justice (ʻAdl + Qisṭ)

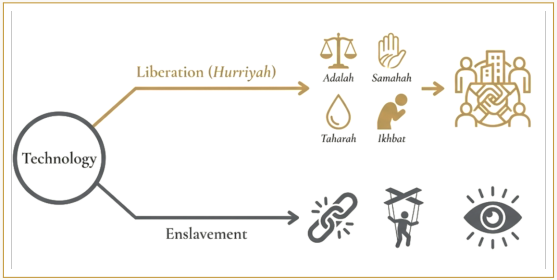

Waliullahi Distinction: Only systemic **ʻAdl**—right ordering under divine guidance—can achieve genuine **Ḥurriyyah**.

Philanthropic AI Design Requirements and Way Forward

Philanthropic AI Design Requirements and Way Forward

Philanthropic AI Design Requirements and Way Forward

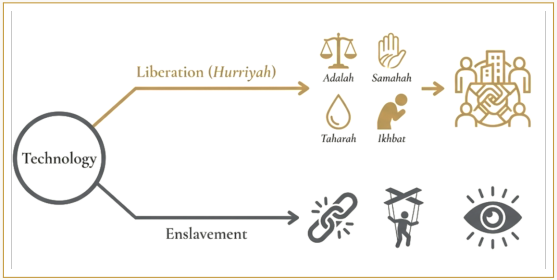

Criterion: Does this technology **LIBERATE** or **ENSLAVE**?

Allies and Shared Ground

- **Critical AI** — resisting unjust power
- **Humanity-centered design** — beyond parochialism
- **Virtue ethics** — moral formation
- **Indigenous knowledge** — plural wisdom traditions

Philanthropic AI Design Requirements and Way Forward

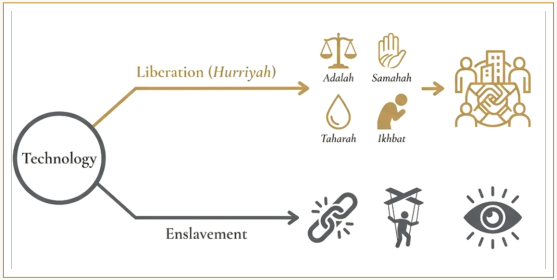

Criterion: Does this technology **LIBERATE** or **ENSLAVE**?

Multiplex Systemics for Ummatic AI

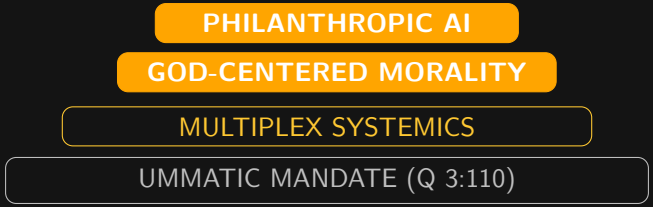

PHILANTHROPIC AI

GOD-CENTERED MORALITY

MULTIPLEX SYSTEMICS

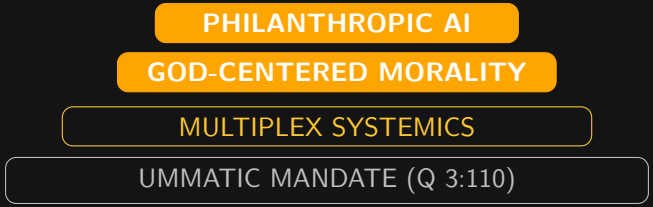

UMMATIC MANDATE (Q 3:110)

Multiplex Systemics for Ummatic AI

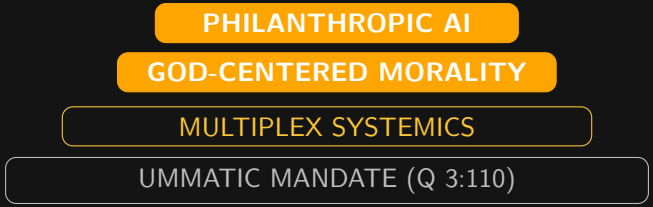

1. AI governance is fundamentally **civilizational and pluralistic**, not merely technical or regulatory.

Multiplex Systemics for Ummatic AI

1. AI governance is fundamentally **civilizational and pluralistic**, not merely technical or regulatory.
2. **God-centered morality** completes and stabilizes humanity-centered design.

Multiplex Systemics for Ummatic AI

1. AI governance is fundamentally **civilizational and pluralistic**, not merely technical or regulatory.
2. **God-centered morality** completes and stabilizes humanity-centered design.
3. Multiplex Systemics is ideally suited for the kinds of **divergent, pluralistic problems** we need for Ummatic AI.
